Michigan Board of Dentistry Dental Continuing Education Program Application

The ADA attempts to keep this information current based on information from state dental boards and state dental associations. Individuals seeking dental licensure renewal should consult with the state board of dentistry and their professional advisors for the complete and most recent continuing education requirements, dental licensure renewal information, procedures, forms and fees.

Other activities that count towards CE
(all references are for credits earned during the entire renewal period, unless otherwise noted)

- Successful completion of a course or courses offered for credit in a dental school or a hospital-based dental specialty program, or a dental hygiene school approved by the board. Ten hours of continuing education shall be credited for each quarter credit earned and 15 hours shall be credited for each semester credit earned, without limitation. (If audited, the licensee must submit an official transcript showing credit hours of the academic courses completed.)
- 20 CE credits maximum per year for satisfactory participation for a minimum of 7 months in a postgraduate dental clinical training program in a hospital or institution that is approved by the board. (If audited, the licensee must submit a letter from program director).
- Attendance at a continuing education program offered by a dental school or a hospital-based dental specialty program, or a dental hygiene school approved by the board. (1 CE credit = 1 hour of program attendance).
- Attendance at a continuing education program approved by the board. (1 CE credit = 1 hour of program attendance).
- 10 CE credits maximum for Development and presentation of a table clinical demonstration or a continuing education lecture offered in conjunction with the presentation of continuing education programs approved by the board. (1 CE credit for each hour devoted to the development and initial presentation of a table clinical demonstration or a continuing education lecture
- 12 CE credits for the initial publication of an article or articles related to the practice of dentistry, dental hygiene, or dental assisting in the journal of an accredited school of dentistry, dental hygiene, or dental assisting or a state or state component association of dentists, dental specialists, dental hygienists, or dental assistants.
- 25 CE credits for the initial publication of an article or articles related to the practice of dentistry, dental hygiene, or dental assisting in a textbook or in the journal of a national association of dentists, dental specialists, dental hygienists, or dental assistants. (If audited, the licensee must submit a signed statement describing materials read or viewed).
- 10 CE credits maximum for reading articles, viewing or listening to the media, other than online programs, devoted to dental, dental hygiene, or dental assisting education. (1 CE credit hour = 1 hour of activity) (If audited, the licensee must submit a copy of a letter or certificate showing his/her name, hours earned, sponsor's accreditation and the date on which the program was taken).
- 30 CE credits maximum for participation in board-approved continuing education activities offered online, through electronic media, or both. (If audited, the licensee must submit a copy of specialty certification or letter indicating passing the examination).
- 10 CE credits for passing an American board specialty examination.
- Renewal of a license held in another state that requires continuing education for license renewal that is substantially equivalent to that required in Michigan's rules if the applicant resides and practices in another state. For a dentist, 60 hours of continuing education shall be credited for evidence of current licensure in another state.
- Attendance at a continuing education program which has been granted approval by another state board of dentistry. (1 CE credit = 1 hour of program attendance)
- 10 CE credits for attending dental-related programs which shall be documented by the licensee as relevant to health care and advancement of the licensee's dental education. The board shall deny a request for approval if the continuing education request does not meet the criteria used by the board for approval of continuing education hours. (If audited, the licensee must submit a copy of a letter or certificate showing his/her name, hours earned, sponsors accreditation and the date on which the program was held).
- 30 CE credits for attendance at programs related to topics approved for category 1 continuing education by the boards of medicine or osteopathic medicine.
- 20 CE credits maximum per renewal period for a dentist may be earned for providing volunteer clinical dental services within Michigan at a board-approved program
