ADVANCE YOUR CLINICAL DECISION MAKING RESOURCES FROM LEADERS IN SCIENCE AND RESEARCH

ADA clinical resources make the lives of ADA members easier, giving them more time to focus on what's most important: patient care. Find the answers you need to make every visit a seamless experience for you and your patient.

ADA Forsyth Institute

The ADA Science and Research Institute and the Forsyth Institute have combined into one world-class research organization driving innovations to propel dentistry forward.

[Forsyth.org](https://www.forsyth.org)

Oral Health Topics

What's the most recent guidance on antibiotic prophylaxis before dental procedures? How should you treat your pregnant patients? Find the answers to these questions and more in the Oral Health Topics.

[ADA.org/OHT](https://www.ada.org/OHT)

ADA Seal of Acceptance

Help patients achieve their best home care by recommending safe and effective products to fit your patients' needs. Find out which products carry the Seal in our online database.

[ADA.org/Seal](https://www.ada.org/Seal)

The Journal of the American Dental Association

ADA members get full access to research published in JADA, the most-read scientific journal in dentistry, and JADA Foundational Science, ADA's open-access journal focusing on basic and applied sciences in oral health.

[ADA.org/JADA](https://www.ada.org/JADA)

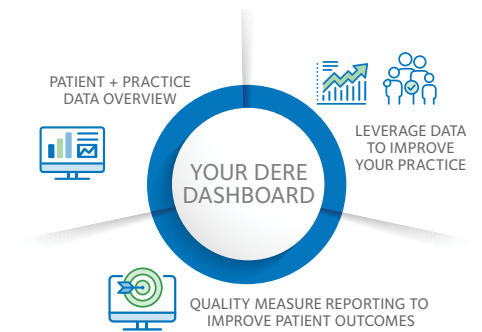

[ADA.org/JADAFS](https://www.ada.org/JADAFS)

PracticeUpdate Clinical Dentistry

Sign up for free access to the newest and best clinical dentistry content, curated by an editorial board of leading experts to provide a holistic view of oral health and bridge dentistry with the rest of health care.

[ADA.org/PracticeUpdate](https://www.ada.org/PracticeUpdate)

ADA Dental Experience and Research Exchange™

The advancement of quality dental care starts with your practice. Join the first dental data registry open to all practice types to help analyze and improve patient outcomes.

ADA Health Policy Institute

The Health Policy Institute (HPI) is a thought leader and trusted source for critical policy knowledge related to the U.S. dental care system. HPI achieves this by generating, synthesizing, and disseminating innovative research on a variety of topics that are relevant to policy makers, health care advocates, and providers. The key issues that HPI focuses on include health policy reform, access to dental care, the dental workforce, dental care utilization and benefits, dental education, and oral health outcomes.

Get involved! Join HPI's Economic Outlook and Emerging Issues panel and help HPI take the pulse of dental practices by completing one short survey each month.

Enroll on [ADA.org/HPI](https://ada.org/HPI) hpi@ada.org

HPI Consulting

As a service to the dental industry, HPI Consulting helps organizations make sense of the new dental economy and better prepare for a future of "new normals". Our team of research experts collects and analyzes proprietary dental industry information, providing personalized consultation at all points, to help your organization navigate through the industry's uncharted COVID-19 recovery journey. HPI Consulting offers a number of customizable solutions to help guide your business:

- Custom Research and Datasets
- Speaking Engagements and Virtual Events
- Custom Surveys and Samples

opens May 8 at
SmileCon.org.

ADVOCATING FOR YOU WITH ONE VOICE

ADA's advocacy efforts – backed by the strength of our 159,000+ members – bring real change on issues that impact you, your patients and your practice.

Access to Care

We're working to address health equity issues and inadequacies within safety net programs like Medicaid to help ensure patients can access the dental care they need. The ADA generates up-to-date resources that support our public insurance advocacy partnerships with state dental societies resulting in many improvements over the last few years. We collect the evidence and supporting data necessary to convince lawmakers to invest in access to care programs.

Dental Insurance Reform

We hear you – dental insurance, coding and contracts can be challenging and can limit options for your patients. That's why we're working with legislators to pass laws to make insurance companies more accountable and limit their interference in the dentist-patient relationship. Targeting the profession's resources at every level has produced the momentum necessary to help enact hundreds of DIR laws that have direct impact on nearly all dental practices.

Student Loan Reform

The average student debt of new dental school graduates is \$293,900. We're continuing to advocate for several student loan reform bills to help address these alarming levels of student debt so new dentists can focus on their financial futures.

State and National Advocacy Efforts

The ADA's advocacy programs combine the power of all levels of the profession to achieve wins for dentists. The state public affairs program unites national, state and local advocacy assets to ensure legislative successes. Working together, we have passed hundreds of new insurance laws that have tipped the scales in favor of patients and dentists and helped improve access to care.

Learn about ongoing advocacy initiatives and find ways to get involved at [ADA.org/advocacy](https://ada.org/advocacy)

PRIORITIZE PATIENT CARE WITH DENTAL INSURANCE SOLUTIONS

Take advantage of ready-to-use dental insurance solutions and advocacy wins on your behalf that hold dental insurance companies accountable so you can focus on your patients.

[ADA.org/dentalinsurance](https://ada.org/dentalinsurance)

SAVE TIME AND GET ANSWERS ON DENTAL INSURANCE ISSUES

Check out the ADA Third Party Payer Concierge™ for one-on-one assistance with your dental insurance challenges. This free service is available exclusively for members.

Create your own in-office plan with Bento, simplify paperwork with the ADA® credentialing service and learn about CDT.

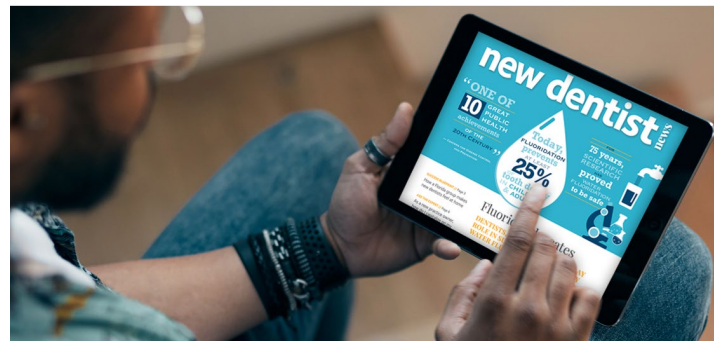

ADA PUBLICATIONS GROW, LEARN AND THRIVE

20 WINS IN 2023

Together, we accomplished so much in 2023, from advancing legislation and scientific research to delivering new resources to help you thrive. Explore these top moments at [ADA.org/wins](https://ada.org/wins).

1 With the help of ADA's State Public Affairs program, over 100 bills have been filed by 34 state dental societies looking to **improve dental insurance** in their state to benefit patients and dentists.

2 Continued fighting for improved **access to care**, advocating for expanded payment codes at hospital outpatient and ambulatory surgical centers so patients can avoid surgical center billing limitations that previously denied or delayed treatment.

3 Our **"Dental Sound Bites™"** podcast won 3 national awards, surpassed 100,000 downloads and continues to bring you real talk on the biggest issues facing dentists today.

4 Our **ADA Member App** now has over 26k downloads, offering a career path quiz and expanded career resources, dental licensure support, mentorship opportunities and more.

5 Debuted the **ADA Forsyth Institute**, combining the ADA Science and Research Institute (SRI) and the Forsyth Institute into one world-class research organization driving innovations to propel dentistry forward.

6 Awarded a **\$130,000 grant** from the Crohn's & Colitis Foundation to conduct research on saliva testing to monitor and predict the exacerbation of inflammatory bowel disease in pediatric patients.

8 Created **ADA.org/FMLA**, a central resource on Federal and State policies covering employment leave to support dentists needing time away from the practice.

9 Like, love, share or DM us on 6 ADA social channels.

7 ADA Chief Economist Marko Vujicic, Ph.D., testified at the **Senate's first oral health hearing** in a decade, about the state of oral health in the U.S. to address policies around health disparities.

10 Strengthened our **Tripartite** during the 70+ cross-country visits made to state and local dental societies and schools by ADA leaders.

11 Increased the **Laurel Road student loan refinancing discount** and added a free loan consultation benefit from GradFin.

12 Supported improving children's dental health via 1,265 **Give Kids A Smile®** events nationwide.

13 Connected 9,000+ dentists and dental professionals at **SmileCon® 2023** with 300+ CE offerings, wellness sessions, speakers and networking opportunities.

17 Scientific discoveries from **The Journal of the American Dental Association** attracted broad attention, being cited by the media over 3,000 times.

14 Held the 1st **ADA Health and Well-Being Summit** bringing Tripartite stakeholders and industry experts together to support developing wellness programs for the dental community.

15 Developed **Artificial Intelligence (AI)** standards to assure that future uses of AI and AI-based products support high quality dental care and patient safety.

16 Saved 115,000 dentists' time on paperwork by using the **ADA's Credentialing Service**, powered by CAQH®.

18 ADA Spokespersons provided science-based oral health information to hundreds of media outlets, including **CNN, Good Morning America, The Today Show** and more.

19 Added new member discounts from **Threadfellows, Compliancy Group** and **Avid Traveling!**

20 Published a new clinical practice guideline exploring **management of acute dental pain in children** to support your evidence-based treatment decisions.
