

## National Board Part I Dental Reference Texts

National Board test items are not based on specific textbooks. Test construction committees that develop Part I examinations use, as reference, the latest editions of the following textbooks.

### Anatomic Sciences

Agur, *Grant's Atlas of Anatomy*, Lippincott Williams & Wilkins  
Avery and Steele, *Oral Development and Histology*, Thieme  
Gartner and Hiatt, *Color Atlas of Histology*, Mosby  
Kiernan, *Barr's The Human Nervous System*, Lippincott Williams & Wilkins  
Moore, *Clinically Oriented Anatomy*, Lippincott Williams & Wilkins  
Moore and Agur, *Essential Clinical Anatomy*, Lippincott Williams & Wilkins  
Moore and Persaud, *The Developing Human*, Saunders  
Stevens and Lowe, *Human Histology*, Mosby  
Nanci, *Ten Cate's Oral Histology*, Elsevier Health Sciences

### Biochemistry-Physiology

Berne et al., *Physiology*, Mosby  
Devlin, *Textbook of Biochemistry with Clinical Correlations*, Wiley Medical  
Guyton and Hall, *Textbook of Medical Physiology*, Saunders  
Lehninger, *Principles of Biochemistry*, Worth  
Meisenberg, *Principles of Medical Biochemistry*, Mosby  
Stryer, *Biochemistry*, Freeman  
Vander and Luciano, *Human Physiology*, McGraw Hill

### Microbiology-Pathology

Brooks, *Medical Microbiology*, Appleton  
Robbins and Cotran, *Pathological Basis of Disease*, 7<sup>th</sup> Ed., Saunders  
Janeway and Travers, *Immunobiology*, Garland  
Murray et al., *Medical Microbiology*, Mosby  
Robbins, Cotran, and Kumar, *Robbin's Basic Pathology*, 7<sup>th</sup> Ed., Elsevier Health Sciences  
Slotts and Taubman, *Contemporary Oral Microbiology and Immunology*, Mosby

### Dental Anatomy and Occlusion

Ash and Nelson, *Wheeler's Dental Anatomy and Occlusion*, Saunders  
Fuller and Denehy, *Concise Dental Anatomy and Morphology*, Yearbook Medical  
Okeson, *Management of Temporomandibular Disorders and Occlusion*, Mosby

### Testlet

Costanzo, *Physiology* 3<sup>rd</sup> Ed., Lippincott Williams & Wilkins  
Lucas, *Dental Functional Morphology: How Teeth Work*, Cambridge Press  
Murray, Pfaller, et al., *Medical Microbiology*, 5<sup>th</sup> Ed., Mosby  
Ozak and Sokol, *Dental Ethics at Chairside*, Georgetown Univ. Press  
Pickett and Gurenlian, *The Medical History*, Lippincott Williams & Wilkins  
Runge and Greganti, *Netter's Internal Medicine*, Icon Learning Systems  
Scheid and Woelfel, *Dental Anatomy: Its Relevance to Dentistry*, 6<sup>th</sup> Ed., Lippincott Williams & Wilkins  
Seifert et al., *Concepts in Medical Physiology*, Lippincott Williams & Wilkins
