

## LIST OF RECOGNIZED CONTINUING EDUCATION PROVIDERS

American Dental Association  
Continuing Education Recognition Program

### National Approval

Organizations Approved by the ADA CERP

Recognizing the need to offer its members and the dental community a way to select continuing education with confidence, the ADA started the ADA CERP in conjunction with a group of organizations representing the dental profession in 1993. The ADA CERP evaluates and approves institutions and organizations that provide continuing education (CE). The ADA CERP is managed by a standing committee of the Council on Dental Education and Licensure that includes representatives of the American Dental Association, the American Association of Dental Boards, the American Dental Education Association, the Canadian Dental Association and the organizations representing the recognized dental specialties.

The ADA CERP evaluates providers in 15 aspects of program quality. Only CE providers that can meet the ADA CERP's standards and procedures are granted ADA CERP approval and are authorized to use the ADA CERP logo and/or approval statement on their publications. Once approved, CE providers are held accountable for maintaining those same high standards.

The **Principal Section** of this list includes continuing dental education providers that have been evaluated by the ADA CERP Committee and found by the Council on Dental Education and Licensure to be in substantial compliance with the ADA CERP recognition standards and criteria.

[The Supplementary Section](#) of this list includes ADA component dental societies approved by the relevant constituent dental society, as well as affiliates approved by the American Association of Endodontists (AAE), the American Academy of Oral and Maxillofacial Pathology (AAOMP), and the American Association of Orthodontists (AAO), that have received ADA CERP provider recognition and have been authorized to conduct a review and extend ADA CERP approval to their component societies that offer continuing education primarily to their own members.

The ADA CERP does not approve individual courses or credit hours. Further, the ADA CERP recognition of a provider does not imply endorsement of course content presented. For information about the ADA CERP, please contact the ADA CERP, at [education@ada.org](mailto:education@ada.org), American Dental Association, 211 East Chicago Avenue, Chicago, IL 60611, or telephone (312) 440-2869.

**NOTE:** "SSO" following the approval period indicates that only self-study activities are offered.

"OS/IO" following the approval period indicates that On-site/In-office activities are offered.
