

ADA American Dental Association®

Who: Thousands of dentists across the country will take time from their practices to help underserved children who aren't getting the oral health care they need. Will you join us?

What: Give Kids A Smile®, an annual one-day volunteer initiative to provide free educational, preventive and restorative services to children from low-income families.

Why: To focus attention on the epidemic of untreated oral disease among disadvantaged children and deliver the message that dentists alone can't solve this problem without a real commitment from government and society. And to provide an effective platform from which dental societies can advocate commonsense, market-based solutions to local access problems.
