

Dental Admission Test Audit Request Form

Before official DAT scores are reported, the Department of Testing Services audits all responses to confirm the accuracy of the scores. However, an examinee may request to have his/her test responses audited, or re-checked for scoring accuracy. There is a charge of \$65.00 for score audits. The score audit fee is payable to the American Dental Association in the form of a money order. Score audits require approximately six weeks to complete and must be requested within 30 days of receipt of the original official score report.
