Guidelines for Filing a Formal Complaint Against an Educational Program

The Commission strongly encourages attempts at informal or formal resolution through the program's or sponsoring institution's internal processes prior to initiating a formal complaint with the Commission. The Commission is interested in the continued improvement and sustained quality of dental and dental-related education programs but does not intervene on behalf of individuals or act as a court of appeal for treatment received by patients or individuals in matters of admission, appointment, promotion or dismissal of faculty, staff or students. The Commission does not intervene in complaints as a mediator but maintains, at all times, an investigative role.

A “formal” complaint is defined as a complaint filed in written (or electronic) form and signed by the complainant. This complaint should outline the specific policy, procedure or standard in question and rationale for the complaint including specific documentation or examples. Complainants who submit complaints verbally will receive direction to submit a formal complaint to the Commission in written, signed form following guidelines in the Evaluation and Operational Policies and Procedures manual. The complaint will be reviewed to determine whether there is sufficient evidence of probable cause of noncompliance with the standard(s) or required accreditation policy(ies), or procedure(s) to proceed with an investigation.

An “anonymous comment/complaint” is defined as an unsigned comment/complaint submitted to the Commission. All anonymous complaints will be reviewed by Commission staff to determine linkage to Accreditation Standards or CODA policy and procedures. If linkage to Accreditation Standards or CODA policy is identified, legal counsel, the Chair or the appropriate Review Committee, and the applicable Review Committee members may be consulted to assist in determining whether there is sufficient evidence of probable cause of noncompliance with the standard(s) or required accreditation policy(ies), or procedure(s) to proceed with an investigation. (See Formal Complaints). However, due to the anonymous nature of the submission, the Commission will not correspond with the complainant.

Anonymous comments/complaints determined to be unrelated to an Accreditation Standard or CODA policies and procedures, or those that do not provide sufficient evidence of probable cause of noncompliance with the standard(s) or required accreditation policy(ies), or procedure(s) to proceed, will be added to the respective program's file for evaluation during the program's next scheduled accreditation site visit. At the time of the site visit, the program and site visit team will be informed of the anonymous comment/complaint. The program will have an opportunity to respond to the anonymous comment/complaint; the response will be considered during the site visit evaluation. Anonymous comments/complaints will be assessed to determine trends in compliance with Commission standards, policies, and procedures. The assessment of findings related to the anonymous comments/complaint will be documented in the site visit report.

For a Formal Complaint, once you have carefully read the Commission on Dental Accreditation's Policies on Complaints, please fully complete this form and submit it to the commission office along with any relevant information to support the complaint.

For an Anonymous Complaints, once you have carefully read the Commission on Dental Accreditation's Policies on Complaints, you may use the form below to identify standards or policies for which the program may not be compliant and provide any relevant information to support the complaint; however, the anonymous complaint must not include the name, contact information or signature of the complainant. ****About PII and PHI:***

The complaint must NOT contain any sensitive personally identifiable information (“Sensitive Information” or “PII”) as outlined in “Privacy and Data Security Requirements” (see below). Similarly, such documentation must not contain any identifiable patient information (“PHI”); therefore, no “patient identifiers” may be included (see below).

Before sending documents, the complainant must fully and appropriately redact all PII and all patient identifiers such that the PII and patient identifiers cannot be read or otherwise reconstructed. Covering information with ink is not an appropriate means of redaction.

PII: What is sensitive personal information?

- c. How to de-identify PHI:

1. Names, including initials
2. Address (including city, zip code, county, precinct)
3. Dates, including treatment date, admission date, age, date of birth, or date of death [a range of dates (e.g., May 1-31, 2015) is permitted provided such range cannot be used to identify the individual who is the subject of the information]
