Obtain a DENTPIN® and Apply to Test

What is a DENTPIN®?

The DENTPIN® is a unique personal identifier for applicants and students involved with the U.S. dental education system and standardized testing programs. The DAT, ADEA AADSAS and TMDSAS, plus ADEA PASS, ADEA CAAPID, the Dental Match and the National Board Dental and Dental Hygiene Examination programs all use the DENTPIN® for identification of students and test-takers. You must obtain or retrieve a DENTPIN® before proceeding with your NBDE II application.

I am not in Prometric’s system, but my credit card has been charged.

The Joint Commission on National Dental Examinations (JCNDE) processes applications daily during normal business hours. It can take up to 48 hours from the time your application is processed by the JCNDE for Prometric to upload your application into their system, thereby allowing you to schedule your testing appointment. Your payment information is viewable on the My Account page under Applications. If your application reads Payment Pending, your transaction did not go through and your application has not been received. You will need to resubmit your application again. If your application reads Payment Received, your payment was successful and our office has received your application.

If you are a student of an accredited program, please check with the Dean of your program to make sure they have approved your application.

If you are a graduate of an accredited program, please make sure you have emailed nbexams@ada.org a copy of your diploma.

If you are a student of a non-accredited program, please make sure you have mailed our office a copy of your NB Certificate of Eligibility to: JCNDE, 211 East Chicago Ave, Chicago, IL 60611.

If you are a graduate of a non-accredited program, please make sure that you have requested an Educational Credential Evaluators report (ECE) to send a copy directly from their office electronically to the JNCDE.

Any questions regarding payment transactions should be emailed to nbexams@ada.org.

I was billed twice for my electronic application. How do I get a refund?

Submit a brief explanation and copy of your credit card statement to nbexams@ada.org. Please include your name (as it appears on your application), daytime contact information and DENTPIN®. Address the email to the attention of NBDE Part II Refund Request.

Corrections/Changes to My Application
I have not yet taken my examination, can I update my address?

Go to the DENTPIN® website and click the Update Your DENTPIN® in the left navigation. Once you log in, you may make your changes there. Your information will be updated in your DENTPIN® the same day.

My name is reversed or my name has changed. Can you correct it?

Using the DENTPIN® Request Form, submit the request for a name correction (must be received at least five days prior to your testing appointment) by email to dentpin@ada.org with your DENTPIN®. Please also attach any appropriate documentation such as a marriage certificate or court documents.

If your name is simply missing a middle name/initial, please send a copy of your government issued ID and DENTPIN® only.

---

**Examination Rules and Regulations**

**What is the purpose and intent of the National Board Examination Regulations?**

Examination Regulations are established to ensure that examination results are valid. This means that candidates’ score are an accurate reflection of their knowledge and understanding. Candidates are expected to recall and interpret information and respond to examination questions without assistance or the advantage of having prior knowledge of questions or answers. The Examination Regulations are intended to prevent candidates from retaining or remembering questions and sharing them with other candidates and to prevent candidates from obtaining unreleased questions or answers from any source.

Examination Regulations are also intended to provide all candidates with an equivalent opportunity to gain National Board certification; no candidate should have an unfair advantage over others.

All examination materials including released materials that are made available by the JCNDE through various authorized channels, are copyrighted to protect the security and confidentiality of the examination content, as well as the investment of resources, primarily from candidate fees, that support the examination program.

**How are candidates informed of the Examination Regulations?**

The Examination Regulations are provided in writing in the NBDE Part II Guide for each examination. Information in the NBDE Part II Guide is updated annually; but the general nature and intent of the regulations remains the same as described above. Information about Prometric Test Center rules is available at Prometric. Each examination session begins with a Confidentiality Statement to which candidates must agree as a condition of testing.

**What happens if a candidate violates Examination Regulations?**
When the JCNDE receives information that indicates possible inappropriate behavior or violation of Examination Regulations, the candidate’s results may be withheld or invalidated. Established JCNDE regulations identify prohibited activities and behavior and related penalties. In most cases, scores are voided and the candidate may have to wait up to two years to retest.

When scores are withheld or invalidated, the candidate is notified of the regulation that has been breached and the related penalty. JCNDE policies provide an appeal process and candidates who are notified that their scores have been withheld or invalidated receive information about the appeal process. Submission of an appeal will stay the decision to withhold or void scores until such time as the appeal is decided.

Is it acceptable for candidates to remember and share unreleased questions or to solicit or use unreleased questions that have been recalled or obtained by others?

No. This violates the Confidentiality Agreement that all candidates acknowledge before they begin the examination. In addition, federal copyright law protects all examinations and sharing or soliciting recalled questions violates the law. These practices are also unethical in that they violate principles of veracity (truthfulness) and justice (fairness).

Why is it unethical to ask someone for unreleased, recalled questions or to otherwise obtain and use recalled questions?

Candidates are expected to pass the examination on their own merit without assistance. Members of the public who entrust dentists with their well-being expect that they are trustworthy and competent individuals. The purpose of the examination is to ensure that you, as a candidate for licensure, have achieved entry-level competence. By asking previous test-takers to share unreleased questions, or by obtaining them, you undermine the very purpose of the examination.

What information can I share about the examination?

You can tell others whether you thought it was difficult or easy. You can tell them how prepared you felt. You can share any broad topic areas that are also listed in the National Board specifications that are published in the NBDE Part II Guide or on the JCNDE Web site (e.g., osteogenesis, premolar tooth morphology). You cannot describe specific questions and answers or context of questions related to these topics. If another student or member of the faculty suggests that you should remember and/or share confidential examination information with other students or faculty, you should decline and explain that this is not permitted.

What if someone offers unreleased or remembered questions to me?

You should not agree to accept unreleased examination items or confidential examination information or participate in the exchange of this information. If you receive unsolicited confidential or unreleased examination materials, you should inform the dean or associate dean at your school or contact the JCNDE. They may request that you forward the materials for evaluation to determine whether the materials are indeed unreleased or confidential. Failure to do so could inadvertently implicate you in activity
that violates Examination Regulations and may jeopardize your ability to achieve National Board certification and licensure.

**General Information**

**What is on the examination?**

The **NBDE Part II** has nine discipline areas: endodontics, operative dentistry, oral & maxillofacial surgery, oral diagnosis, orthodontics-pediatric dentistry, patient management, periodontics, pharmacology, and prosthodontics. Test items in these nine areas are intermixed throughout the examination.

All items on the Part II examination are in the multiple-choice format. The examination has both independent discipline-based items (80%) and case-based items (20%). A case consists of a group of items associated with a patient. The *Test Specifications* with sample questions, located in the **NBDE Part II Guide**, list the topic areas in each discipline and the corresponding number of items.

**Where can I find study materials?**

The **NBDE Part II Guide** includes sample test items and test specifications. Tutorials are designed to familiarize candidates with the format of the questions. Reference texts are cited on the **Resources** page.

**Released item sets** may be purchased for the NBDE Part II through the **American Student Dental Association** (ASDA) at their website or 800-621-8099, ext. 2795.
I am an international dentist. What is required to practice dentistry in the United States?

Please contact the dental board of the specific state in which you wish to obtain licensure to determine individual state requirements regarding the practice of dentistry. State board contact information is located at the American Association of Dental Boards website. Additional information about licensure can be found on the ADA website.

Am I eligible to take the NBDE Part II?

All graduates of non-accredited programs (dental schools not accredited by the ADA, Commission on Dental Accreditation, CODA or the Canadian Commission on Dental Accreditation, CDAC) must have their credentials evaluated by the Educational Credential Evaluators (ECE). Please refer to the NBDE Part II Guide for specific information.

Have you received my ECE report?

Call the JCNDE office to determine the status of your application. If the JCNDE office has approved your application, your ECE report has been received. If your application has not been approved, a representative will be able to verify whether or not it has been received. If it has been received, your application will be approved during the next application processing day.

I previously applied for an examination; do I need to submit a new ECE report?

If you have previously taken an examination, you do not need to submit an ECE; however, you must indicate on your application that you have previously taken the examination. It is advisable to call the JCNDE office to confirm that your application has been processed.

Re-examination

How long do I have to wait to retest?

You must wait 90 days between examination attempts. National Board candidates who have failed the NBDE Part II three times must wait 12 months before retesting. Please refer to the NBDE Part II Guide for specific details. Candidates who have received a passing score may not retest unless they provide evidence that they must retest for purposes of licensure.

Candidates are limited to successful completion of an examination within five years of testing or five examination attempts, whichever comes first; this does not include testing attempts prior to January 1, 2012.
Refunds

Are refunds available?

Examination fees are non-refundable and non-transferable.

Scheduling an Appointment with Prometric

When is the NBDE Part II offered?

The NBDE Part II is administered through Prometric Test Centers in the United States, its territories (Guam, Puerto Rico, and the Virgin Islands) and Canada. Testing appointments are available year-round.

How do I schedule a testing appointment with Prometric?

An e-mail, which contains instructions for scheduling your testing appointment, will be sent to you after your application has been processed. If you do not receive an e-mail (e-mail address on file), you should contact the JCNDE office to verify that your application has been approved. Scheduling can be completed by contacting the Prometric Call Center at 800.688.5804 or at the Prometric website.

I called the Prometric, but I cannot get through. What can I do?

You can schedule at the Prometric website. Otherwise, please call Prometric when call volume is low. Call volume is higher on Mondays and Tuesdays and hold times are considerably less after Tuesdays. The Call Center is open from 8 a.m. to 8 p.m., Eastern Time, Monday through Friday.

Prometric says I am not in their system, what can I do?

If your application has been approved and it has been more than 48 hours since your application has been processed, please contact Prometric’s Candidate Care hotline at 800.853.6769.

Can I schedule day one and day two on non-consecutive days and at different test centers?

All sections of NBDE Part II must be taken at the same testing center and on consecutive days.

Scoring/Score Reports

How is the NBDE Part II examination scored? Are the scores from NBDE Part II based on a curve?

The National Board examinations are criterion-referenced; candidates are not graded on a curve or comparison to others but against a pre-determined standard.

Scores for the NBDE Part II are reported as pass/fail only. Scores for examinations taken prior to January 1, 2012 will be reported as numerical scores.
A candidate whose score is reported as a “pass” is deemed to understand important information from basic biomedical, dental, and dental sciences and have the ability to apply such information in a problem-solving context.

Additionally, all examination results are audited thoroughly before scores are reported. Please refer to the NBDE Part II Guide and Technical Report for details on scoring.

I read the NBDE Part II Guide and the Technical Reports; but still have questions regarding my score report. Would you answer my questions?

Please submit your questions or concerns in writing and forward them to the JCNDE office by email to nbexams@ada.org.

When will I receive my results report?

Official results reports are mailed approximately three to four weeks after the examination.

Have you received my results request? Has it been processed?

Please use the My Account feature on the JCNDE website to view results requests. The status of the request will change from Payment Received to Processed. If the requests were made at the time of application, the requests and dates mailed will be listed under Details under Applications.

To which State Board did I request or who have I requested my results be sent?

Please use the My Account feature on the JCNDE website. Under Applications on your account summary page, click on the details button. It will then show information regarding your application, including State Boards selected at the time of application.

Did I pass the examination?

JCNDE regulations prohibit reporting results to candidates by telephone, fax, or email.

Can I view my scores in the My Account feature?

JCNDE regulations prohibit reporting scores via Account Summaries.

I have not tested yet; can I change the results report recipient??

Results receipts may only be selected at the time of application and cannot be changed. Requests for additional reports must be submitted using the results report request which are available on the JCNDE website. This information can also be found in the NBDE Guide under the Testing Fees table.
I tested more than once; can I choose which results are sent out?

You cannot choose to send any one particular set of results. The results system reports your complete results history.

How do I request my National Board scores?

Visit the NBDE Part II page and follow the directions under Step 5.

How are my results reported to the State Board?

Official results reports are mailed approximately three to four weeks after the examination.

Each result report will display your complete score history. The results report includes examinations taken since 1982; earlier scores are available by special request and subject to availability.

Test Center Procedures

What constitutes proper identification for the test?

When you arrive at the Prometric Test Center to take the examination, two original, current forms of identification (ID), one primary and one secondary, will be requested and must be produced. The primary ID must be a government issued ID (with a photograph and a signature). Examples of acceptable primary IDs (with a photograph and signature) are a driver's license or a passport. There must be at least one ID that has both picture and a signature. Examples of secondary IDs (requiring only a signature) are a debit card, a library card, a credit card, etc. Both forms of ID must be current (not expired).

The name on your primary and secondary IDs must match exactly with the name on your NBDE Part II application. If the names on your IDs and your NBDE Part II application do not match exactly, you will be denied admission to testing and you will forfeit your scheduled testing appointment and application fee. You will be required to submit a new application and fee to test.

If you have an address change, go to the DENTPIN® website and click the Update Your DENTPIN® in the left navigation. Once you log in, you may make your changes there. Your information will be updated in your DENTPIN® the same day.

If you have a name change, use the DENTPIN® Request Form to submit the request for a name correction (must be received at least five business days prior to your testing appointment) by email to dentpin@ada.org with your DENTPIN®. Please also attach any appropriate documentation such as a marriage certificate or court documents.

If your name is reversed (or simply missing a middle name/initial), please send a copy of your government issued ID only.
Can I access my locker during the Exam?

You may access your locker only during scheduled break periods. During an unscheduled break, you may NOT access personal belongings or prohibited items, study or refer to notes or texts, use a telephone, eat food or beverages, or leave the test center. Test center administrators will report the activity of candidates who take unscheduled breaks. To view the test schedule and break periods, please refer to the Guide.

You should not access your locker during unscheduled breaks as this is a Rule Violation and may result in a determination of an irregularity and your examination results may be withheld, cancelled, and/or considered invalid, or another appropriate penalty may be imposed.

What can I bring with me into the test center?

No personal or miscellaneous items are permitted in the secure testing area. Any personal belongings brought to the test center must be stored in a designated locker. Storage facilities are limited. Upon reasonable suspicion, your personal belongings may be inspected. Notes or any materials accessed during testing or an unscheduled break that appears to contain examination content may be confiscated. Accessing personal belongings during an unscheduled break violates Examination Regulations.

Items that are prohibited from the secure testing area include, but are not limited to the following:

a. Books, notes, study materials, scratch paper, tissues, or dry erase markers not furnished by the testing center.
b. Dental instruments, models or materials.
c. Slide rules, paper, calculating devices, rulers or other measuring devices.
d. Electronic devices, such as telephones, pagers, recording devices, personal digital assistants (PDAs), iPods, radios or stereos with headsets; personal earplugs or headphones.
e. Tote bags; purses, wallets, backpacks, briefcases.
f. Highlighters, pens, erasers, mechanical pencils, dictionaries, and translators.
g. Food, candy, gum, water or other beverages.
h. Outerwear, such as coats, jackets, gloves or head coverings (except for religious or cultural purposes).
i. Good luck charms, statues, religious or superstitious talismans.
j. Medicinal items (except those items approved in advance under testing accommodations).
k. Watches (digital or analog) or timing devices (a clock is provided on the computer screen).
l. Magnifying devices

Violations may result in the voiding of your test scores and waiting up to two years to retest. For specific information, please review the NBDE Part II Guide.
The JCNDE reserves the right to cancel or withhold any score when, in our judgment, there is a good-faith basis to question the validity of the scores for any reason. Cause for withholding, voiding or invalidating of scores may include, but is not limited to:

- Unusual answer patterns
- Atypical score increases from one examination to another
- Inconsistent performance on different parts of the examination
- Improper access to secure examination content
- A test administration irregularity
- A discrepancy in, or falsification of, a candidate’s identification
- Information indicating that a candidate has engaged in misconduct or violation of the rules and regulations
- Falsification of the candidate’s score report
- Any other information indicating the results may not be valid
- Falsification of the application or supportive documents.

If it is determined that a candidate engaged in irregular behavior, information regarding this determination becomes a part of the candidate’s JCNDE record. In its sole discretion, the JCNDE may elect to send a summary report documenting the incident, with a brief statement provided by the candidate immediately following the decision by the JCNDE to report, to legitimately interested parties, including all persons or agencies to which the candidate has instructed that scores be sent, both presently and in the future.

### Testing Accommodations

**I require accommodations for testing, what do I need to do to receive accommodations?**

If you have a documented disability recognized under the Americans with Disabilities Act and require testing accommodations, you must:

1. At the time you submit your NBDE Part II application and prior to scheduling a testing appointment check the box that indicates you are requesting testing accommodations. You must submit an application to test, the testing accommodation request form, and the supporting documentation. The process is not complete until you have submitted all three components. You can schedule a testing appointment after your testing accommodation request has been approved. Testing accommodations cannot be added to previously scheduled testing appointment. If you schedule your testing appointment before the approval of testing accommodations you will be required to cancel the appointment and pay a fee.

2. Submit the following (scanned) documents to testing accommodations@ada.org:
   a. Testing Accommodation Request Form, signed and dated, describing the disability, and the need for accommodations. Accommodations should align with the identified functional limitation so that the adjustment to the testing procedure is applicable to the identified impairment. A functional limitation is
defined as the behavioral manifestation of the disability that impedes the individual’s ability to function.

b. Current evaluation report (within the past five years) from the appropriate professional. The document (must be on official letterhead) should include the professional’s credentials, signature, address, and telephone number. The report must indicate the candidate’s name, date of birth, and date of evaluation. The report should include:

• The specific **diagnostic procedures or tests** administered. Diagnostic methods used should be appropriate to the disability and in alignment with current professional protocol.

• The **results** of the diagnostic procedures and/or tests and a comprehensive interpretation of the results.

• The specific **diagnosis of the disability**, with an accompanying description of the candidate’s limitations due to the disability.

• A summary of the complete evaluation with **recommendations for the specific accommodations** and how they will reduce the impact of identified functional limitation.

c. Documentation of any previous accommodations provided by educational institutions or other testing agencies. If no prior accommodations were provided, the professional should include a detailed explanation as to why no accommodations were given in the past and why accommodations are needed now.
