Initial Licensure Examination Requirements

| CDCA, CITA, CRDTS, SRTA, WREB or NDEB of Canada –if applicant is graduate of an Accredited Canadian Dental School-OR- U of M dental graduate on or after 5/2010 or PGY-1 | (Source: Minnesota Board of Dentistry Web Site) |

General Licensure Requirements

| Minnesota Statutes 150A.06 Licensure Subdivision 1.Dentists. | A person of good moral character who has graduated from a dental program accredited by the Commission on Dental Accreditation, having submitted an application and fee as prescribed by the board, may be examined by the board or by an agency pursuant to section 150A.03, subdivision 1, in a manner to test the applicant's fitness to practice dentistry. A graduate of a dental college in another country must not be disqualified from examination solely because of the applicant's foreign training if the board determines that the training is equivalent to or higher than that provided by a dental college accredited by the Commission on Dental Accreditation. In the case of examinations conducted pursuant to section 150A.03, subdivision 1, applicants shall take the examination prior to applying to the board for licensure. The examination shall include an examination of the applicant's knowledge of the laws of Minnesota relating to dentistry and the rules of the board. An applicant is ineligible to retake the clinical examination required by the board after failing it twice until further education and training are obtained as specified by the board by rule. A separate, nonrefundable fee may be charged for each time a person applies. An applicant who passes the examination in compliance with subdivision 2b, abides by professional ethical conduct requirements, and meets all other requirements of the board shall be licensed to practice dentistry and granted a general dentist license by the board. |
| **Subdivision 3.Waiver of examination.** (a) All or any part of the examination for dentists, dental therapists, dental hygienists, or dental assistants, except that pertaining to the law of Minnesota relating to dentistry and the rules of the board, may, at the discretion of the board, be waived for an applicant who presents a certificate of having passed all components of the National Board Dental Examinations or evidence of having maintained an adequate scholastic standing as determined by the board. (b) The board shall waive the clinical examination required for licensure for any dentist applicant who is a graduate of a dental school accredited by the Commission on Dental Accreditation, who has passed all components of the National Board Dental Examinations, and who has satisfactorily completed a Minnesota-based postdoctoral general dentistry residency program (GPR) or an advanced education in general dentistry (AEGD) program after January 1, 2004. The postdoctoral program must be accredited by the Commission on Dental Accreditation, be of at least one year's duration, and include an outcome assessment evaluation assessing the resident's competence to practice dentistry. The board may require the applicant to submit any information deemed necessary by the board to determine whether the waiver is applicable. |

Minnesota Administrative Rules 3100.1100 Application for License to Practice Dentistry

Subpart 1. Form, credentials, and certification. A person seeking licensure to practice dentistry within Minnesota must present to the board an application and credentials, as determined by the board, and meet the following requirements. A. The application must be on a form furnished by the board and must be completely filled out.
B. The applicant shall furnish satisfactory evidence of having graduated from a school of dentistry accredited by the Commission on Dental Accreditation.

C. The applicant must furnish certification of having passed all parts of a national board examination as defined in part 3100.0100, subpart 15.

D. An applicant who wants the authority under the license to administer a pharmacological agent for the purpose of general anesthesia, deep sedation, or moderate sedation or to administer nitrous oxide inhalation analgesia must comply with part 3100.3600.

Subp. 2. Clinical skills examination. The applicant shall submit evidence of satisfactorily passing a board approved examination designed to determine the applicant's level of clinical skills.

Subp. 3. [Repealed, 18 SR 2042]

Subp. 4. Photograph. For identification purposes, the applicant shall furnish one notarized unmounted passport-type photograph, three inches by three inches, taken not more than six months before the date of application.

Subp. 5. Certification of character. The applicant shall furnish a testimonial of good professional character from an authorized representative of the dental school from which the applicant graduated and a certification by the secretary of the Board of Dental Examiners of the state or Canadian province in which the applicant is licensed. The board may in its discretion and for good cause waive the certification of good professional character by an authorized representative of the dental school.

Subp. 6. Anesthesia, sedation, and nitrous oxide. A person applying for a license to practice dentistry or a dentist already licensed who wants the authority under the license to administer a pharmacological agent for the purpose of general anesthesia, deep sedation, or moderate sedation or to administer nitrous oxide inhalation analgesia must comply with the applicable requirements of part 3100.3600.

License by Credential/Endorsement Requirements

License by Credentials

(a) Any dentist or dental hygienist may, upon application and payment of a fee established by the board, apply for licensure based on the applicant's performance record in lieu of passing an examination approved by the board according to section 150A.03, subdivision 1, and be interviewed by the board to determine if the applicant:

(1) has passed all components of the National Board Dental Examinations;

(2) has been in active practice at least 2,000 hours within 36 months of the application date, or passed a board-approved reentry program within 36 months of the application date;

(3) currently has a license in another state or Canadian province and is not subject to any pending or final disciplinary action, or if not currently licensed, previously had a license in another state or Canadian province in good standing that was not subject to any final or pending disciplinary action at the time of surrender;

(4) is of good moral character and abides by professional ethical conduct requirements;

(5) at board discretion, has passed a board-approved English proficiency test if English is not the applicant's primary language; and

(6) meets other credentialing requirements specified in board rule.

(b) An applicant who fulfills the conditions of this subdivision and demonstrates the minimum knowledge in dental subjects required for licensure under subdivision 1 or 2 must be licensed to practice the applicant's profession.

(c) If the applicant does not demonstrate the minimum knowledge in dental subjects required for licensure under subdivision 1 or 2, the application must...
be denied. When denying a license, the board may notify the applicant of any specific remedy that the applicant could take which, when passed, would qualify the applicant for licensure. A denial does not prohibit the applicant from applying for licensure under subdivision 1 or 2.

(d) A candidate whose application has been denied may appeal the decision to the board according to subdivision 4a.

**Minnesota Administrative Rules 3100.1400 Application for Licensure by Credentials.**

A person who is already a licensed dentist or dental hygienist in another state or Canadian province desiring to be licensed to practice dentistry or dental hygiene in Minnesota shall, in order to demonstrate the person's knowledge of dental subjects and ability to practice dentistry or dental hygiene in Minnesota, comply with the requirements in items A to N.

A. The applicant shall complete an application furnished by the board.

B. The applicant shall furnish satisfactory evidence of having graduated from a school of dentistry, or dental hygiene, whichever the case may be, which has been accredited by the Commission on Dental Accreditation.

C. An applicant for licensure as a dentist must have been in active practice in another state, Canadian province, or United States government service for at least 2,000 hours within 36 months prior to the board receiving a completed application and must submit at least three references from other practicing dentists.

D. An applicant for licensure as a dental hygienist must have been in active practice in another state, Canadian province, or United States government service for at least 2,000 hours within 36 months prior to the board receiving a completed application. The applicant must submit at least two character references from dentists and two references from practicing dental hygienists.

E. An applicant must provide evidence of having passed a clinical examination for licensure in another state or Canadian province, where the licensure requirements are substantially equivalent to that of Minnesota.

F. An applicant shall include a physician's statement attesting to the applicant's physical and mental condition and a statement from a licensed ophthalmologist or optometrist attesting to the applicant's visual acuity.

G. An applicant must submit with the application a fee as prescribed in Minnesota Statutes, section 150A.091, subdivision 9.

H. For identification purposes, the applicant shall furnish one notarized unmounted passport-type photograph, three inches by three inches, taken not more than six months before the date of application.

I. In advance of the appearance required by item J, an applicant for licensure by credentials as a dentist shall submit complete records on a sample of patients treated by the applicant. The sample must be drawn from patients treated by the applicant during the five years preceding the date of application. The number of records requested of the applicant shall be established by resolution of the board. The records submitted shall be reasonably representative of the treatment typically provided by the applicant.

J. An applicant must appear before the board and satisfactorily respond to questions designed to determine the applicant's knowledge of dental subjects and ability to practice dentistry or dental hygiene pursuant to Minnesota Statutes, section 150A.06, subdivision 4. Questions may be based on the records submitted pursuant to item I.

K. An applicant shall successfully complete an examination designed to test knowledge of Minnesota laws relating to the practice of dentistry and the rules of the board.
L. If the board adopts simulated dental patient examinations as part of the application process, applicants shall complete simulated dental patient examinations designed to test their knowledge of dental subjects.

M. An applicant shall provide adequate documentation of attained professional development or continuing dental education for the 60 months preceding the date of application.

N. An applicant may apply for licensure by credentials only once within any five-year period of time.

**Specialty Practice**

**Minnesota Statutes 150A.06 Licensure Subdivision 1c Specialty dentists**

(a) The board may grant one or more specialty licenses in the specialty areas of dentistry that are recognized by the Commission on Dental Accreditation.

(b) An applicant for a specialty license shall:

1. have successfully completed a postdoctoral specialty program accredited by the Commission on Dental Accreditation, or have announced a limitation of practice before 1967;

2. have been certified by a specialty board approved by the Minnesota Board of Dentistry, or provide evidence of having passed a clinical examination for licensure required for practice in any state or Canadian province, or in the case of oral and maxillofacial surgeons only, have a Minnesota medical license in good standing;

3. have been in active practice or a postdoctoral specialty education program or United States government service at least 2,000 hours in the 36 months prior to applying for a specialty license;

4. if requested by the board, be interviewed by a committee of the board, which may include the assistance of specialists in the evaluation process, and satisfactorily respond to questions designed to determine the applicant's knowledge of dental subjects and ability to practice;

5. if requested by the board, present complete records on a sample of patients treated by the applicant. The sample must be drawn from patients treated by the applicant during the 36 months preceding the date of application. The number of records shall be established by the board. The records shall be reasonably representative of the treatment typically provided by the applicant for each specialty area;

6. at board discretion, pass a board-approved English proficiency test if English is not the applicant's primary language;

7. pass all components of the National Board Dental Examinations;

8. pass the Minnesota Board of Dentistry jurisprudence examination;

9. abide by professional ethical conduct requirements; and

10. meet all other requirements prescribed by the Board of Dentistry.

(c) The application must include:

1. a completed application furnished by the board;

2. at least two character references from two different dentists for each specialty area, one of whom must be a dentist practicing in the same specialty area, and the other from the director of each specialty program attended;

3. a licensed physician's statement attesting to the applicant's physical and mental condition;

4. a statement from a licensed ophthalmologist or optometrist attesting to the applicant's visual acuity;

5. a nonrefundable fee; and

6. a notarized, unmounted passport-type photograph, three inches by three inches, taken not more than six months before the date of application.

(d) A specialty dentist holding one or more specialty licenses is limited to practicing in the dentist's designated specialty area or areas. The scope of
practice must be defined by each national specialty board recognized by the Commission on Dental Accreditation.

(e) A specialty dentist holding a general dental license is limited to practicing in the dentist's designated specialty area or areas if the dentist has announced a limitation of practice. The scope of practice must be defined by each national specialty board recognized by the Commission on Dental Accreditation.

(f) All specialty dentists who have fulfilled the specialty dentist requirements and who intend to limit their practice to a particular specialty area or areas may apply for one or more specialty licenses.

<td><strong>Minnesota Administrative Rules 3100.5100 Professional Development</strong></td>
</tr>
</tbody>
</table>

**Subpart 1. Professional development cycles.**

A. The initial professional development cycle must coincide with the initial licensure period for each dentist, dental therapist, dental hygienist, or licensed dental assistant. The initial cycle for each licensee begins on the date of initial licensure and ends on the last day of the licensee's birth month in either an even-numbered or odd-numbered year that corresponds with the licensee's year of birth. The initial cycle varies in the number of months depending on the date of initial licensure for each licensee.

B. A biennial professional development cycle coincides with the biennial licensure periods for each dentist, dental therapist, dental hygienist, or licensed dental assistant. Each biennial renewal cycle consists of a 24-month period beginning on the first day of the month following expiration of the previous professional development cycle. An established biennial cycle continues to apply even if the license is revoked, suspended, conditioned, or not renewed for any reason for any length of time.

**Subp. 2. Professional development requirements.**

A. For the initial professional development requirements, each dentist, dental therapist, dental hygienist, and licensed dental assistant shall establish a portfolio to record, monitor, and retain acceptable documentation of fundamental and elective professional development activities, CPR certification, and self-assessments.

B. The minimum number of required hours of fundamental and elective professional development for each biennial cycle is 50 hours for dentists and dental therapists, and 25 hours for dental hygienists and licensed dental assistants. Each dentist, dental therapist, dental hygienist, and licensed dental assistant shall establish a portfolio to record, monitor, and retain acceptable documentation of fundamental and elective professional development activities, CPR certification, and self-assessments. Any professional development hours earned in excess of the required hours for a biennial cycle must not be carried forward to the subsequent biennial cycle. The requirements for the fundamental and elective professional development activities are described in subitems (1) and (2).

(1) Each dentist, dental therapist, dental hygienist, and licensed dental assistant must complete a minimum of 60 percent of the required biennial hours in fundamental activities directly related to the provision of clinical dental services as follows: a minimum of 30 hours for dentists and dental therapists, and a minimum of 15 hours for dental hygienists and licensed dental assistants. A licensee may earn all required biennial hours in fundamental activities only.

(2) Dentists, dental therapists, dental hygienists, and licensed dental assistants are allowed a maximum of 40 percent of the required biennial hours in elective activities directly related to, or supportive of, the practice of dentistry, dental therapy, dental hygiene, or dental assisting as follows: a
maximum of 20 hours for dentists and dental therapists, and a maximum of ten hours for dental hygienists and licensed dental assistants.

C. Professional development is credited on an hour-for-hour basis.

D. If a licensee fails to meet the professional development requirements because of extenuating circumstances, the licensee may apply for an extension of time to complete the requirements by making a written request to the board. The written request shall include a complete explanation of the circumstances, the renewal period, the number of hours earned, and the licensee's plan for completing the balance of the requirement. If an extension is granted after review, the board shall establish the length of the extension to obtain the professional development requirements which must be completed concurrently with the subsequent renewal period.

Subp. 3. Professional development activities. Professional development activities include, but are not limited to, continuing education, community services, publications, and career accomplishments throughout a professional's life. Professional development activities are categorized as fundamental or elective activities as described in items A and B.

A. Fundamental activities include, but are not limited to, clinical subjects, core subjects, CPR training, and the self-assessment examination. Examples of fundamental activities for an initial or biennial cycle are described in subitems (1) to (6).

(1) Clinical subjects are those seminars, symposiums, lectures, college courses pertaining to basic sciences, or programs whose contents directly relate to the provision of dental care and treatment to patients.

(2) Core subjects are those seminars, symposiums, lectures, or programs that relate to public safety and professionalism. Each licensee shall complete a minimum of two of the categories of core subjects for each biennial cycle. Examples of core subject categories include, but are not limited to:

(a) record keeping;
(b) ethics;
(c) patient communications;
(d) management of medical emergencies; and
(e) treatment and diagnosis.

(3) A CPR certification course is mandatory for each licensee to maintain licensure. The CPR course must be the American Heart Association healthcare provider course or the American Red Cross professional rescuer course. The licensee must maintain a consecutive and current CPR certificate when renewing a license or permit each biennial term.

(4) An infection control course is mandatory for each licensee to maintain licensure. The course will primarily address patient safety and health issues as referenced in part 3100.6300 and chapter 6950.

(5) A licensee must complete one self-assessment examination obtainable through the board for each cycle.

(6) The board shall approve other additional fundamental activities if the board finds the activity to be a seminar, symposium, lecture, or program whose contents are directly related to dental care and treatment to patients or public safety and professionalism.

B. Elective activities for an initial or biennial cycle include, but are not limited to, the examples described in subitems (1) to (7):

(1) general attendance at a multiday state or national dental convention for a maximum of three credit hours;

(2) volunteerism or community service directly relating to the practice of dentistry, dental therapy, dental hygiene, or dental assisting such as...
international or national mission work, voluntary clinic work, or dental health presentations to students or groups;
(3) professional reading of published articles or other forms of self-study directly relating to the practice of dentistry, dental therapy, dental hygiene, or dental assisting;
(4) scholarly activities include, but are not limited to:
(a) teaching a professional course directly related to the practice of dentistry, dental therapy, dental hygiene, or dental assisting; or presenting a continuing dental education program;
(b) presenting a table clinic directly related to the practice of dentistry, dental therapy, dental hygiene, or dental assisting;
(c) authoring a published dental article or text in a recognized publication;
(d) participating in test construction for an accredited state or nationally recognized dental association or organization; and
(e) participating in a scientific dental research program from an accredited institution or program or an evidence-based clinical study;
(5) dental practice management courses include, but are not limited to, computer, insurance claims or billing, and Health Insurance Portability and Accountability Act (HIPAA) training;
(6) leadership or committee involvement with the board or a dental professional association for a maximum of three credit hours; or
(7) the board shall approve other additional elective activities if the board finds the contents of the activity to be directly related to, or supportive of, the practice of dentistry, dental therapy, dental hygiene, or dental assisting.

Subp. 4. **Acceptable documentation of professional development activities.** A licensee must record or obtain acceptable documentation of hours in professional development activities for the licensee's portfolio. Acceptable documentation includes, but is not limited to, the following:
A. a completed self-assessment examination;
B. a copy of the front and back of a completed CPR card from the American Heart Association or the American Red Cross;
C. confirming documentation from the presenting organization that provides the attendee's name, license number, name of organization or presenter, course date, number of credit hours, subject matter, or program title; and
D. a personal log of published articles read by the licensee including title of the article, name of author, name of journal or periodical, and date of published article.

Subp. 5. **Retention of documentation.** A licensee must keep acceptable documentation for each fundamental and elective activity as required to meet professional development requirements. The licensee must retain the documentation for 24 months after each biennial renewal period has ended for purposes of an audit by the appropriate board committee.

*Minnesota Administrative Rules 3100-5200 Portfolio Contents*
A licensee must establish a professional portfolio. The professional portfolio must be used to record, monitor, and retain acceptable documentation of professional development activities. Upon completion of an initial or biennial professional development cycle, a licensee must have the required number of hours, if applicable, and proof of acceptable documentation described under part 3100.5100, subpart 4, contained within the portfolio.

*Minnesota Administrative Rules 3100.5300 Audit Process of Portfolio*
Subpart 1. Auditing for compliance. The board shall perform random audits of the portfolios. Besides random audits, the board may conduct a designated portfolio audit for a licensee who is the subject of any complaint, investigation,
The ADA attempts to keep this information current based on information from state dental boards, clinical testing agencies and state dental associations. Individuals seeking dental licensure should consult with the state board of dentistry and their professional advisors for the complete and most recent dental licensure information, application requirements, forms and fees.
