State Board Participation Form

Name of Institution; City/State: ______________________________
__________________________________________________________________________________
__________________________________________________________________________________

Please check the appropriate statement:

[ ] Please DO invite the state board of dentistry to participate in the upcoming site evaluation.

[ ] A state board representative is NOT to be invited to participate in the upcoming site evaluation.

__________________________________________________________________________________

Name: ________________________________
(Please Type or Print)

Title: ________________________________

Authorized Signature: ________________________________

Date: ________________________________
It is the policy of the Commission on Dental Accreditation that the state board of dentistry is notified when an accreditation visit will be conducted in its jurisdiction. The Commission believes that state boards of dentistry have a legitimate interest in the accreditation process and, therefore, strongly urges institutions to invite a current member of the state board of dentistry to participate in Commission site visits. The Commission also encourages state boards of dentistry to accept invitations to participate in the site visit process.

If a state has a separate dental hygiene examining board, that board will be contacted when a dental hygiene program located in that state is site visited. In addition, the dental examining board for that state will be notified.

The following procedures are used in implementing this policy:

1. Correspondence will be directed to an institution notifying it of a pending accreditation visit and will include a copy of Commission policy on state board participation. The institution is urged to invite the state board to send a current member. The Commission copies the state board on this correspondence.

2. The institution notifies the Commission of its decision to invite/not invite a current member of the state board. If a current member of the state board is to be present, s/he will receive the same background information as other team members.

3. If it is the decision of the institution to invite a member of the state board, Commission staff will contact the state board and request the names of at least two of its current members to be representatives to the Commission.

4. The Commission provides the names of the two state board members, to the institution. The institution will be able to choose one of the state board members. If any board member is unacceptable to the institution, the Commission must be informed in writing.

5. The state board member, if authorized to participate in the site visit by the institution, receives the self-study document from the institution and background information from the Commission prior to the site visit.

6. The state board member must participate in all days of the site visit, including all site visit conferences and executive sessions.

7. In the event the chairperson of the site visit committee determines that a vote is necessary to make a recommendation to the Commission, only team members representing the Commission will be allowed to vote.

8. The state board reimburses its member for expenses incurred during the site visit.

The following statement was developed to assist state board members by clearly indicating their role while on-site with an accreditation team and what they may and may not report following a site visit. The statement is used on dental education, advanced dental education and allied dental education site visits.

The state board member participates in an accreditation site visit in order to develop a better understanding of the accreditation site visit process and its role in ensuring the competence of graduates for the protection of the public. The dental, advanced dental and allied dental
education programs are evaluated utilizing the Commission’s approved accreditation standards for each respective discipline.

The state board member is expected to be in attendance for the entire site visit, including all scheduled conferences and during executive sessions of the visiting committee. While on site the state board member:

- provides assistance in interpreting the state’s dental practice act and/or provides background on other issues related to dental practice and licensure within the state.
- on allied dental education visits: assists the team in assessing the practice needs of employer-dentists in the community and in reviewing those aspects of the program which may involve the delegation of expanded functions.
- on dental school visits: functions primarily as a clinical consultant, working closely with the clinical specialist member(s) who evaluate the adequacy of the preclinical and clinical program(s) and the clinical competency of students.

Following the site visit, state board members may be asked to provide either a written or oral report to their boards. Questions frequently arise regarding what information can be included in those reports while honoring the Agreement of Confidentiality that was signed before the site visit. The following are some general guidelines:

- What You May Share: Information about the Commission’s accreditation standards, process and policies
- What You May Not Share:
  - The school’s self-study;
  - Previous site visit reports and correspondence provided to you as background information;
  - Information revealed by faculty or students/residents during interviews and conferences;
  - The verbal or written findings and recommendations of the visiting committee; and
  - Any other information provided in confidence during the conduct of an accreditation visit.

The Commission staff is available to answer any questions you may have before, during or after a site visit.

Reaffirmed: 8/10, 7/07, 7/04, 7/01, 12/82, 5/81, 12/78, 12/75; Revised: 7/09, 1/00; Adopted: 8/86
