

Provisional Membership Application

Direct Provisional membership in the American Dental Association is available to new dental school graduates who have not established a practice location, and therefore may be ineligible to join at the constituent and components levels. Provisional membership is also extended to graduates of an unaccredited dental school, who have recently been licensed to practice dentistry in a jurisdiction in which there is a constituent dental society. Provisional membership must be applied for within 12 months of graduation and eligibility will terminate December 31 of the second full calendar year following the year in which the degree was awarded.

United States Taxpayers Please Note: The tax law prohibits taxpayers from deducting the expenses that they incur by engaging in lobbying, as defined in the law. Accordingly, only that portion of an associations' member's dues not attributable to lobbying activities remains deductible as an ordinary and necessary business expense. The law requires associations to provide their members with a reasonable estimate of the non-deductible percent of their dues attributable to lobbying activities. For 2017, 7.5% of a member's ADA dues are allocated to lobbying activities. Dues payments and contributions are not deductible as charitable contributions for federal income tax purposes.
