2019 ANNUAL INCOME OF GENERAL PRACTITIONERS, RECENT GRADUATES, CLASSES OF 2016-18

Source: ADA Health Policy Institute annual *Survey of Dental Practice*. Notes: **Average Annual Net Income:** Shaded areas denote recession years according to National Bureau of Economic Research. Dentist income is adjusted for inflation using the All-Item Consumer Price Index. All values are in constant 2019 dollars. The change in general practitioners' average net income from 2018 to 2019 is statistically significant at the 10% level. **Dentists "Not Busy Enough":** Indicates the percentage of dentists reporting they are "not busy enough, could have treated more patients." **Average Wait Time:** Indicates the average wait time in days for an appointment with a general practitioner dentist. **All graphs:** Data for years 2000-2019 are weighted to adjust for oversampling and nonresponse bias. Published in December 2020.
