Live/In Person 20 hours minimum / no maximum
How Monitored Report
CE Entry CE Broker https://www.cebroker.com/la/account_options
Renewal Method Online https://www.membersbase.com/lsbd/dentist

CE Content Required
■ BLS (3 hours maximum); ACLS (16 hours maximum); Pediatric ACLS (14 hours maximum)
■ Opioid Management, best practice prescribing of controlled substances or appropriate treatment for addiction (3 hours; must be an approved course, taken only once) Approved Opioid Management CE Training Courses

CE Content Accepted
All 30 CE hours must be clinical in nature
■ 20 hours of personally attended clinical courses pertaining to the actual delivery of dental services to patients;
■ 10 hours of clinical courses pertaining to the actual delivery of dental services to patients that may be done in person, online or via correspondence; if done online or via correspondence the courses must require the successful completion of a written examination at the conclusion of the course

The Louisiana State Board of Dentistry allows online courses which meet the following requirements to be considered "personally attended."
1. The course must be offered in real time and allow for real time interaction between the online participant and the presenter.
2. There must be multiple attendance checks during the course.
3. There must be a test at the end for the online participants.
If you complete an online course that meets the above requirements, you MUST report those hours to CE Broker as a class or lecture rather than a live broadcasted event. If you choose a "live broadcasted event" then the course will be considered online, and it will NOT update your personally attended hours. CE Broker cannot adjust your personally attended hours if you report them as a broadcasted event. You will then need to delete and then re-enter your course as a class or lecture for it to count.

CE Content Not Accepted
Continuing education ordered as a result of disciplinary matters
No credit will be given for activities directed primarily to persons preparing for licensure in Louisiana

CE Providers Accepted

- Academy of General Dentistry and their constituent and component and affiliates
- Accreditation Council on Continuing Medical Education (ACCME)
- American Academy of Dental Hygiene and their constituent and component and affiliates
- American Association of Dental Boards
- American Dental Association and their constituent and component and affiliates
- American Dental Association and their recognized dental specialty organizations and their state and local affiliates
- American Dental Association Commission on Dental Accreditation (ADA CODA) approved dental, dental hygiene or dental assisting school
- American Dental Hygiene Association and their constituent and component and affiliates
- American Heart Association
- American Red Cross
- National Dental Associations and their constituent and component and affiliates
- State and Federal government agencies (e.g. dental division, military dental division)

The ADA attempts to keep this information current based on information from state dental boards and state dental associations. Individuals seeking dental licensure renewal should consult with the state board of dentistry and their professional advisors for the complete and most recent continuing education requirements, dental licensure renewal information, procedures, forms and fees.

Other activities that count towards CE
(all references are for credits earned during the entire renewal period, unless otherwise noted)

- 4 hours CE credit maximum for past and present dentist members of the Louisiana State Board of Dentistry for attending a meeting of the American Association of Dental Examiners.
- 1 hour CE credit maximum for current dentist members of the Louisiana State Board of Dentistry for attending a meeting of the Board.
- 20 hours CE credit maximum per renewal period for dentists successfully completing the calibration training for the administration of the clinical licensing examination administered by the Council of Interstate Testing Agencies (CITA).
- 6 hours clinical CE credit maximum per renewal period for treating a donated dental service patient (pro bono) from a Louisiana State Board of Dentistry approved agency and verification of treatment from the agency is mandatory in order to obtain these continuing education credits.
- Dentists who are on staff of hospitals accredited by the Joint Commission on Accreditation of Health Care Organizations may receive continuing education credit for those continuing education courses provided by said hospital.

Anesthesia / Sedation Permit Renewal Requirements
In order to renew permits for the administration of general anesthesia or moderate sedation, each full licensee shall complete an in person adult sedation course of a minimum of 6 hours pertinent to the level of their sedation permit no less than once every license period, with this requirement only beginning in the second renewal period after the permit is issued. If the permit has a pediatric certification, then the aforementioned 6 hours must address pediatric sedation. If the permit holder has a pediatric certification, the permit holder must take both the adult and the pediatric sedation courses for a total of 12 in-person hours. If the permit holder has a pediatric certification and sedates only persons below the age of 13, and signs a certification to that effect, then only the 6 hour in-person pediatric sedation course is necessary. These hours will count towards the requirement of §1611.A.1. The CPR, ACLS, and PALS courses required in §§1503 and 1504 do not count toward the requirements set forth in this Section. Recertification for deep sedation or general anesthesia as required by the American Association of Oral and Maxillofacial Surgeons every five years shall satisfy this requirement.
