CE Content Required
None specifically

Carryover of credit hours allowed
Any hours acquired beyond the required number may be carried forward into the next time block not to exceed twenty-five (25) hours for dentists.

Credit calculation: One (1) hour of continuing education shall be granted for every fifty to sixty (50–60) minutes of contact (either academic or clinical) instruction.

Individuals who obtain a license by competency examination shall be exempt from the continuing education requirement for the remainder of the time block in which s/he became licensed. A credential dental licensee will only be required to obtain twenty-five (25) hours of continuing education in order to renew if the individual became licensed during the second year of the time block. Residents or fellows are exempt from the continuing education requirement through the end of the time block containing the date of graduation.

CE Content Accepted
Not less than forty (40) must be hours directly related to the updating and maintaining of knowledge and skills in the treatment, health, and safety of the individual dental patient.

CE Content Not Accepted
CE required by a disciplinary order
