- State and Federal government agencies (e.g. dental division, military dental division)
- United States Department of Education accredited hospital, college, university, or community college

Other activities that count towards CE
(all references are for credits earned during the entire renewal period, unless otherwise noted)

- CE credit hours may be satisfied by independent study, correspondence, or internet programs or courses.
- 4 CE credit hours maximum may be obtained from teaching or preparing a professional dental or medical program. Credit calculation: 1 hour of teaching or preparing a professional dental or medical program is equivalent to 1 CE credit hour of continuing education.
- College Level Courses - 1 credit hour of a college level course is equivalent to 6 credit hours of continuing education.
- Active enrollment in an accredited post−doctoral dental residency training program for at least 12 months of the current licensure cycle will be accepted as meeting the required 30 credit hours of continuing education.

The ADA attempts to keep this information current based on information from state dental boards and state dental associations. Individuals seeking dental licensure renewal should consult with the state board of dentistry and their professional advisors for the complete and most recent continuing education requirements, dental licensure renewal information, procedures, forms and fees.

Anesthesia / Sedation Permit Renewal Requirements

■ A dentist with a sedation permit shall complete 2 CE credit hours on the topic of sedation and anesthesia each biennium. The continuing education completed under this section shall count toward the continuing education requirement. (Section 22.DE 11.075 effective 9/1/2020)

■ Airway Management or ACLS must be current to practice conscious sedation.
